Selectmen's Meeting

MATTAPOISETT HARBOR DAYS

Selectmen met with Arthur Blackburn who represented the Mattapoisett Lions' Club with a request for the use of Shipyard Park on July 17th and 18th. Mr. Blackburn said that the Lions plan to expand the Shipyard Park Crafts Festival into a two day event to be called Mattapoisett Harbor Days in celebration of the 125th anniversary of the town. The expansion would embrace not only the crafts of recent years but other organizations, clubs and businesses would be invited to take part. Town groups will be invited to exhibit their areas of interest and participate in the events of the festival. Local restaurants will be asked to sell their specialties and there will be sporting contests. Mr. Blackburn said that the Lions are contemplating various ideas now such as a possible bicycle race and other events over both land and water. There will be a variety of entertainment as well. The Selectmen said that they would endorse the event and support it with the necessary town permits and assistance.

APPOINTED TO STUDY REGIONAL COMMUNICATION

Both Police Chief James Moran and Fire Chief Paul Bradley were appointed to the committee which will investigate the possibility of a regional communication center to serve the three towns of Mattapoisett, Rochester and Marion.

SEWER CONNECTION ORDERED

Peter Plastridge, owner of Kitchen 21 on Church Street, was ordered to tie the building into the sewer line by a deadline of June 1st. Plastridge said that the delay was caused by the difficult route of the tie-in pipe which will be between the 21 building and the Barber Shop. He said he had been advised, by contractors, to wait for suitable hand digging weather.

Robert Dailey of North Street, who purchased his home in November, said that he was waiting for good weather to disconnect his cellar drain from the sewer line. Selectmen extended the time limit to June 1st.

HARBORMASTER BUDGET

Selectmen tentatively approved a budget of $9375. for the Harbormaster, Lloyd Haskell which was a decrease from the $9500. previous total. Haskell said that the increased revenue from the increased fees for wharf space had greatly improved the financial situation at the wharf. Selectman James Huntoon asked Mr. Haskell if other seacoast towns in the immediate area charge fees for harbor mooring. Haskell replied that he knew of none close to Mattapoisett and that it would involve a lot of work and need more people to put into practice. Huntoon said that he was just looking for input on the question.

Selectmen told Haskell that they wanted him to find money in his budget to purchase a beeper so that he could be contacted when needed.

OPPOSE STATE CONTROL OF WATER

Selectmen voted to oppose the proposed Regional Water District and will notify Senator William MacLean and Representative Walter Silveira of this view. Selectman John DeCosta said that the local towns should not be penalized for doing something that works and which has already been proven by practice. He noted that towns served by the Mattapoisett River Valley have worked very hard together for a number of years successfully to allot its water resources wisely and for the benefit of each town consisting of Mattapoisett, Marion, Rochester and Fairhaven.

endorsement so that he could go to the Registry of Deeds and show the plan as drawn correctly. The attorney said that the lot has an area greater than the required 5,000 square feet and that the plan as now presented has an arc drawn to conform to the frontage requirement of 50 feet or greater. Attorney Novick said that he would be glad to show other plans where the same decision had been made and that Rocha should be given the same consideration as those in the past.

Neighbor Joseph Battistelli opposed the plan. He said that the building is so close to the Old Hammondtown School ball field

that it would cost the town an estimated $10,000 to build a fence. Recreation Director Barry Haskell opposed the plan, by letter, saying it would create a hazard for the Little League. Chairman Peter Perkins ruled that this argument did not apply.

Voting in favor were Ken Watjen, Arthur MacLean and Peter Perkins. Lawrence O'Pezio voted in opposition.

FOR

SELECTMAN

TOWN OF MATTAPOISETT

- A key role for a town selectman is the management of Town/State relations. I believe in home rule and will work with our elected legislative delegation and State agencies with that philosophy in mind. I know my voice will be heard.

- While I bring a new point of view, qualifications and commitment to the Town of Mattapoisett, I also realize my responsibility to serve the people and if I am elected will do that faithfully and effectively.

- My service to my country shows that I value highly loyalty and trustworthiness, and I believe that those who know me would vouch for that.

- I know no better way to judge the future but by the past and I hope as you examine my record - and all the things I have done- as a naval officer and an administrator in private industry - you will find I have met the highest standards. I sincerely believe that I am the best candidate for Selectman. That's why I am asking for your support and vote on election day.

In this issue of Presto Press Seniors will find our ad listing our Minibus trips for April. We suggest cutting out the ad and saving for reference. To make reservations call at (or phone 758-3758) our office at the Town Hall Monday through Friday between the hours of 9:00 a.m. and 12:00 noon, but not over 7 days prior to the scheduled trip. We have taken trips to all the places scheduled on previous occasions, but if more information is wanted, call Bernice Manchester, our Senior Aide at our office. On our trip to the Tamarack Inn, which many of you regard as a very fine restuarant, the Minibus will stop at the Discount Shoe Store in Lakeville.

Whether you belong to Mattapoisett Seniors or not, we hope that you will come and hear Mrs. Betty Butts in her talk about help to the Visually Impaired and Blind, and see some of the equipment now available to them. The meeting is Thursday, March 25, at 1:30 p.m. at St. Anthony's Church hall.

Harvey Blanchette, district coordinator of the Arthritis Foundation for this area, has asked us to publicize the following: of interest to people suffering from arthritis, there will be a meeting at Buttonwood Library, Buttonwood Park, April 1, at 7:00 p.m. The speaker will be Dr. Raymond Partridge, Rheumatologist of Peter Bent Brigham Hospital in Boston. He is an outstanding man in his field. There is no admission charge and all are welcome.

Music in Our Schools

JUNIOR HIGH SCHOOL FESTIVAL CONCERT

Congratulations to Julie Holden and Kevin Porter of Old Rochester Junior High School and Steve Kaufman of Tabor Academy for being selected to participate in the Southeastern District Junior High School Festival Concert. These three students competed on their instruments against hundreds of Junior High students in southeastern Massachusetts. The students performed for a panel of judges and were graded on their tone, technique and musicality. Those with the highest scores were chosen to spend a challenging weekend working with other outstanding musicians. Guest conductors were brought in to put the students of the band, orchestra and chorus through two days of rigorous rehearsals to prepare music for the closing Festival concert. This year's concert was held on March 6th in Falmouth. The quality of music these young people put forth was inspiring to hear and a memorable experience for both audience and perform-

ers. So that you may share this concert and hear the level of achievement possible for junior high students a recording of the program will be made available at the Mattapoisett Library.

It is a shame that more students from Old Rochester did not have the opportunity to audition for these groups. The only reason we had any students involved is because of the resourcefulness of their parents who were aware of the opportunity. These parents had to go to a Fairhaven music teacher for the information and applications and then try to follow up on their own. In other communities, the junior and senior high school districts are encouraged by the teacher and totally handled by the music staff. Students are eager to audition each year and hopeful they will be selected. It is a shame that our music program is so behind the times at Old Rochester. Come to the library, listen to the record and hear how our musical organizations could sound. Look at the program and take careful notice of the numbers of teachers on the music staff of each

participating junior high school. We cannot hope to equal other communities in quality with the present way our program is being run. One music teacher for everything at both levels is unheard of and an impossible task for anyone. Our children are suffering, they realize it, you see it with our small band and chorus. Can't we as parents do something to bring our music program up to par?

Letter to the Editor

So many Americans, including those in Marion and Mattapoisett, are naive and uninformed as to the truth about why WE SHOULD NOT SIGN PETITIONS OR VOTE FOR THE NUCLEAR DISARMAMENT FREEZE - please let me quote from the top Soviet big-shot - Brezhnev:

"Peaceful coexistence does not mean the end of the struggle of two world powers. The struggle between the proletariat and the bourgeoisie, between WORLD SOCIALISM (that's Communism) and IMPERIALISM (that's what they call the U.S.A.) will be waged right up to the complete and final victory of Communism on a world scale."

Another quote from Brezhnev tells us: ".... it is necessary to be prepared that this struggle (between Communism and imperialism)

will intensify, will become a still sharper form of the antagonism between the two systems. We do not have any doubt about the outcome of this struggle, for the truth of history, the OBJECTIVE LAWS OF SOCIAL DEVELOPMENT ARE ON OUR SIDE."

Let me quote Mid-1975 figures on STRATEGIC DEFENSIVE WEAPONS which our Government is sure have been increased by the Soviets and yet because of Carter and Salt 2 supporters in Congress were not comparatively boosted up by the U.S.A.:

Interceptor Aircraft: USA 532 USSR 2650
Surface-to-Air Missiles: USA 0 USSR 9800
Anti-Ballistic Missiles: USA 0 USSR 64

So these figures total 532 Strategic Defensive Weaponry for U.S.A. and 12, 414 for the U.S.S.R....seven years ago!

Some of our naive citizens have never understood what happens to all religions, clergymen, those with big bank accounts, and we ordinary citizens under the Communist Governments. Ask those who fled - and Alexander Solzhenitsyn (remember he won the Nobel Peace Prize!) who has warned us via his books and lectures, trying valiantly to wake the rest of the world up. How I wish he were talking at Tabor Academy now fortifying what I've written above. I feel confident that he would advise as I have tried to do - SUPPORT YOUR OWN GOVERNMENT not the enemy of all mankind - VOTE AGAINST THE NUCLEAR FREEZE AT TOWN MEETING!

INDEPENDENT STUDY PROJECTS

Six students in Karen McQuillan's fifth grade class are involved in Independent Study Projects. Each student chose his or her topic and is working through a 15-step research process. After choosing their topics, each student has developed an extensive resource list, including writing letters to experts in their chosen fields of interest. Most mail coming into the classroom these days is addressed to the students from all corners of the U.S. as well as abroad. Some of the students have also had the opportunity to make day trips to interview professionals in their milieu.

The children say that independent study is fun, but hard work. School is more interesting and the work more meaningful because they have had input in choosing the topics.

Following the show, the students were taken behind the scenes to meet the animals personally. They met "Alex" the baluga whale, who let them rub his tongue and forehead, called the melon. The three dolphins were taken with the youngsters and all vied for their attention. By holding their hands high over the water, Kelly and Jeff were able to make the dolphins rise up out of the pool and touch their hands. Both students said

Tougas. All of these students tried very hard and did a good job in the spelling bee.

After an hour of nail biting excitement in this competition, only two students were left - Cheryl Walker from Team 7 East and Laurel Tate from Team 8 North. Laurel misspelled the word "eclectic" and Cheryl spelled it correctly. Then, the heat was on! Cheryl had to spell the word "cardiac" correctly to win, and she did!

Congratulations, Cheryl Walker, and good luck in the "All Schools" Spelling Bee at New Bedford High School this April. Now, if Cheryl wins in New Bedford, she goes on to the finals in Washington, D.C. We know she will represent us very well!

Many letters were sent and responses came from England, Sweden, Japan, Ireland, Australia, Bermuda, Portugal, Switzerland, Germany, and Spain.

The students feel that they are learning about new cultures. They've learned about other music groups, hobbies, and sports such as Kendo, a form of judo from Japan. Snoopy is a popular character in Spain.

The kids discovered similarities and differences concerning schools. Most of the foreign schools have longer days and more subjects. One school in Bermuda has 18 subjects and no studies. Two similarities in subjects are math and civics.

Cub Scouts

Thirty exuberant Cub Scouts headed out last Saturday from Mahoney's Industrial Park toward Marion on a three mile hike to celebrate the first day of Spring. Accompanying the walkers were Keith Hiller, Bette Scholter, Bob Reed, Ed Sylvester, and Lissa and Brian Barnes who were there to supervise a fun cookout and explain the rudiments of campfire cooking.

Conservation was the theme of the hike and the boys were asked to collect 3 items that could be recycled. In true Cub spirit a broken down T.V. was ceremoniously hit with tree branches, while others returned to Mahoney's with an odd assortment of tin cans, paper, a car filter, and an adding machine.

We're all looking forward to another hike and cookout in May.

ELGAR'S "SEA PICTURES"

For its final concert of the 1981-1982 season, the New Bedford Symphony Orchestra with Leonard Atherton conducting will perform Sir Edward William Elgar's "Sea Pictures" at the 'old' New Bedford High School auditorium on Saturday evening, April 3rd, at 8. The soloist will be the "Lovely to see, and divine to hear" Canadian Mezzo-soprano Catherine Robbin.

The 30-year old Benson & Hedges Gold Award winner from Toronto caught the eye of tough London newspaper critics at the Aldeburgh Festival at Snape Maltings in 1979. "Her warm, rich voice, remarkably clear annunciation, impressive ability to communicate and magnetic presence" won her the U.K.'s praise in the Financial Times. At the prestigious Paris International Concours, she received the Caplet Award for best interpretation of French Art Song.

In the past two seasons, Catherine Robbin has sung Handel's Messiah with orchestra and choral societies in Calgary, Hamilton, Toronto and performed with the Quebec Symphony and McGill Chamber Orchestra. In New York, she presented her Recital Debut in the Concert Hall of the Abraham Goodman House with British accompanist Roger Vignoles and appeared with the Dess-off Choirs in Bach's Mass in B minor at

TRU-TEST PAINTS
PAINTING HELP SPOKEN HERE.

BY Bonnie Blaire
TRU-TEST COLOR CONSULTANT

Dear Bonnie:
I hear that "nature colors" are popular. But I'm confused about what colors they are. Do they include the colors of fruits, flowers, grass, and sky? Aren't they nature colors too?

Signed, Nature Seeker

Dear Seeker:
Indeed all colors occur in nature. But nature colors, as they are used in home furnishings today, are more correctly called "nature's neutrals" or "earth colors."

They are colors of clay, sand, pebbles and stone; the colors of wood and bark; the colors of nuts, pods, dried grasses, etc.

Best fabric choices for a natural color scheme are raw and unbleached fibers like natural linen, raw silk, unbleached cotton and the natural wool colors.

All wood colors are naturals as well as the rougher textured wicker, reed, rattan, bamboo, etc.

Look for the preferred nature colors on cards B2 thru B14 on tier two of the TRU-TEST Custom Color Display.
